M. J. Jan
Dep. Clerk

Judge Steins

I am writing this
Letter at the advice of
Mr. Gibbons for the request of
the Court transcripts.

Mr. Weymouth still seems to
be doing things to continue
to make things difficult for me.

I received the request for transcripts
form from the Court and
called Mr. Gibbons to find out
what it was about. After listening
to what he had to say and
his explanation of the form
I was able to fill it out,
and send it in to him.
He also said I needed to
send this letter to you requesting
the payment be made by the Court
since I have a public Defender.

Having never been in trouble
or in Court I am overwhelmed
at the way things have
Transpired.

I haven't been this overwhelmed
in my life.

Even being notified I had Cancer
2 years ago hasn't effected me as much
as this.

I have always been honest to
people and told the truth knowing
lies only make things worse and
That is the same way I have
raised my Children.

I am still at a total Loss
here.

MR Sterns I now have a newfound
respect for The Courts. I had no
idea how difficult a Judges Job was
the amount of stress you must
deal with on a daily basis. Having
to make decisions that will effect peoples
life.

If possible I would like to
Request a meeting with you to
discuss any and all options available to
me.

As I said earlier I
am at such a loss. I trusted
my lawyer who didn't care and
many other people. Along the way
who only gave me bad advice.

Mr Weymouth had 2 1/2 years to
work on this case I had
many witnesses that were given to
him and not one called.

No investigations no expert witnesses
No one I always had faith in
our Criminal Justice System Now.

I have faith in no one.
Sir I am looking for some
guidance please don't let me down
the way everyone else has.

If you could please call me
and let me know you ~~received~~
received this I would very thankful.

Thank you for
your time
